Historical/Biographical Notes

A petition to the Governor and General Court in 1746 from the inhabitants of the easterly part of Concord, the westerly part of Lexington, and the northerly part of Weston requested to be set off from their respective towns in order to have a more convenient location for worship. A precinct was established, which gave the inhabitants authority to build a meeting house and hire a minister, the Second Precinct of Concord, Lexington, and Weston. A subsequent petition led to the incorporation of the Town of Lincoln in 1754, encompassing approximately the area formerly the Second Precinct. Evolution of Town government over 250 years has increased the number and kind of municipal services provided by Towns in Massachusetts. Many ad hoc committees have been established at various times during Lincoln's history to deal with specific situations, as well as committees relating to organizations in which the Town of Lincoln has representation.
